Material Safety Data Sheet CRYSTAL NAILS MASTER POWDER PINK

Page 1 of 1

Section 1 – Identification of the Substance/Preparation and of the Company/Undertakin

Material/Product Name: Master Powder Pink MSDS Initial Approval Date:

07/15/20 03

Chemical Name: N/A MSDS Prepared by: BSQ

Family: ACRYLIC POLYMER Manufacturer/Distributor: Litrox Factory Investments LLC (443960-91)

US 8130 SW Portland, Oregon,

Product Use: NAIL POLYMER Beaverton-Hillsdale Highway 97225.

Product #: 4021113

Section 2 - Composition/Information on Ingredients Section 2 - Composition/Information on Ingredients							
Chemical Identity	CAS Numbers	EINECS#	INCI Name		Limits	Carcinogen	%
Poly (ethyl methacrylate)	9003-42-3	<u>N/E</u>	Polvethylmethacrylate	Exposure OSHA	ACGIH	IARC/NTP/OSHA Not Listed	95-99
D&C Red #7 Dibenzoyl	5281-04-9	29092-56-6	CI 15850	TWA/STEL N/E	TWA/STEL N/E	Not listed	<u>0-1</u>

N/E - None Established	N/DA - No Data Avai	ilable		<u>N/E</u>	<u>N/E</u>		
N/R - Not Reviewed Hazard Symbols: Xi	N/A - Not Applicable		x Phrases: R36/37/38	Safety P	hrases: S18,	S22, S24/25, S38	

This product is not considered hazardous by OSHA Hazard Communication Standard.

Section 3 - Hazards Identification

EMERGENCY OVERVIEW

This information is based on findings from related or similar materials.

- May cause allergic skin reaction.
- May cause eye irritation.
- Dust may cause irritation of the nose, throat, and lungs.
- This product may contain particulate, not otherwise classified (Nuisance Dust)

Potential Health Effects, Signs and Symptoms of Exposure:

Primary Route of Entry Eyes or skin (No absorption); inhalation of dust.

Eye Higher concentration can irritate eyes. May cause eye irritation or damage.

Skin Repeated or prolonged exposure may cause allergic skin rashes.

Ingestion Higher concentration can irritate respiratory system.

Inhalation Possible temporary discomfort due to inhalation of dust concentration above the permissible exposure limit.

Dust may cause irritation of the nose, throat, and lungs.

Sub-Chronic Effects For Polymer: OSHA classifies this material as Particulates, Not Otherwise Classified. Eyes, skin and

Respiratory tract may be irritated by gross overexposure to Particulates, Not Otherwise Classified, no matter

how they are generated. Avoid inhalation of dust. Keep dust out of eyes to prevent possible irritation.

For decomposition product: Methyl Methacrylate Monomer; Liquid or high vapor concentration can irritate eyes, respiratory system and cause skin rashes. Prolonged exposure can lead to headaches, nausea, staggering gait, confusion, drowsiness and unconsciousness. Repeated and prolonged over exposure may cause permanent brain and nervous system damage, allergic skin rashes, eye corrosion and permanent injury, as well as changes in liver and kidney function or damage. For Benzoyl Peroxide: repeated or prolonged contact may cause skin sensitization. NOTE: Refer to Section 11, Toxicological Information for Details

Section 4 - First Aid Measures

First Aid for Eye First
Aid for Skin First Aid
Wash with soap and water. Get medical help if discomfort persists. Remove to fresh air. Get
medical help if discomfort persists. Rinse mouth out with water. Call doctor if amount was large.

for Ingestion

Section 5 - Fire Fighting Measures

Flash Point(°F/°C)	Flammable Limit(vol%)	Auto-ignition Temperature(vol%)
TAG Closed: 580°F/304°C	N/A	N/E

Method:

Extinguishing Media: Water, carbon dioxide, dry chemical.

Fire Fighting Avoid extinguishing methods that generate dust clouds. Water streams can disperse dust into **Instructions:** air, producing a fire hazard and possible explosion hazard. Fire-fighters should wear self -

contained breathing apparatus.

Unusual Hazards: Polymer dust is combustible, explosive limits of the polymer particles suspended in air are approximately

those of coal dust.

Section 6 - Accidental Release Measures

Sweep up to avoid slipping hazard. Keep airborne particulates at a minimum when cleaning up spills. Spill or Release Procedures

Section 7 - Handling and Storage

Handling Observe precautions found on the label. Wash face and hands thoroughly with soap and water

after handling and before eating, drinking or smoking. Avoid prolonged or repeated contact

with skin. Avoid contamination. Use only with adequate ventilation.

Store in cool, dry place away from heat, sparks, flame and direct sunlight. Close container Storage

after each use. Ground all metal conrainers when transferring. Use explosion-proof equipment

Store away from combustibles and incompatible materials.

Explosion Hazard Polymer dust is combustible, explosive limits of the polymer particles suspended in air are

approximately those of coal dust.

Section 8 - Exposure Controls / Personal Protective Equipment

Engineering Controls Use good local exhaust at processing equipment, including buffers, sanders, grinders and

> polishers . High temperature processing equipment should be well ventilated. Use explosion-proof equipment. Provide ventilation if necessary to control exposure levels below airborne exposure limits.

Personal Protective Equipment

General	Dust collectors are recommended for handling powder in bulk.
Eye/ Face Protection	Use safety glasses and have eye flushing equipment immediately available.
Skin Protection	Minimize contamination by following good industrial practice. Wearing nitrile, neoprene, pvc, latex
	ot other impermeable gloves is recommended.
Respiratory Protection	Avoid breathing dust and mist. Use dust mask.

Section 9 - Physical and Chemical Properties

Chemical Fate Information

Biodegradability N/DA Chemical Oxygen Demand N/DA

To the best of our knowledge, the ecotoxocological and chemical fate properties have not been thoroughly investigated. Do not allow to enter drinking water supplies, wastewater, or soil.

Section 13 - Disposable Considerations

May be disposed of in a landfill or incinerated. Follow Federal, State and Local regulations for disposal. For EU Member States, please refer to any relevant Community provisions relating to waste. In their absence, it is useful to remind the user that national or regional provisions may be in force.
